COMPATIBLE WITH VIKING WIRELESS PRODUCTS
• Wireless Master/Slave Kit provides secure and reliable wireless communication.
• Remote access to the control board settings, programming, operator diagnostics, controls, gate status and error notifications, all from the convenience of a computer or any compatible hand held device.
• Plug & Play connection for the Viking wireless expansion products.

BATTERY BACKUP INCLUDED
• Standard Battery Backup provides 400 continuous cycles at 100% duty cycle.
• With Viking’s “True” Battery Backup System, batteries are not used during normal operations, maximizing battery life.

LIGHTNING PROTECTION
• Advanced lightning strike protection up to 20,000 volts / 10,000 amps
• On-board surge protection monitoring.

PROTECTION
• Multi-Layer Corrosion Protection
• G90 Galvanized
• Clear Zinc Plating
• UV Rated Powder Coating

INTEGRATED HEATER
• Built-in heater for operating temperatures down to -20°F.
• This will allow you to run your operator in the coldest conditions.

SOLAR SMART
• Power Saving technology minimizes current draw while at standby.

DIAGNOSTICS DISPLAY
• On-board LCD screen displays voltages, amps, gate status and diagnostics.
